OHSAA REGULATIONS ON SPORTING BEHAVIOR

The OHSAA has established a policy for students ejected or disqualified for unsportsmanlike behavior or flagrant fouls. If you are ejected or disqualified, you will:

• Be ineligible for all contests for the remainder of that day.

• Be ineligible for all contests at all levels in that sport until two regular season/tournament contests are played at the same level as the ejection (one contest in football).

The purpose of seventh and eighth grade education-based athletics is to provide rich and wholesome activities for as many students as possible. As a result, students will develop to the greatest degree talents and skills such as leadership, teamwork and disciplines, which will enable them to become responsible citizens in our society while demonstrating good sporting conduct.

We believe in interscholastic athletics as an integral part of the total school program reflecting the needs of the school, the community and the student.

We believe the potential values to the student and coaches to be very essential. Competition under prescribed regulations and policies provides adolescents with the opportunity to develop ideas and habits of health, fair play, initiative, achievement, emotional control, good sporting conduct, social adaptability and good citizenship. Athletics fosters team and school spirit and a sense of community.

We believe each coach should make every effort to provide opportunity for participation for all students involved in a sport. The students shall be taught the fundamental skills necessary for further growth and improvement in their respective sports. These skills are to be taught by an educated/trained coach. We believe that high quality skill development for students at the seventh and eighth grade level is of utmost importance.
